Długość:	39,1 km
Czas spływu:	2 days
Ilość przenosek stałych:	2
Preferowany sprzęt:	single, double, canoe
Minimalna liczba uczestników:	8 person

Description

It is a mostly quiet section leading first from Gałęźnia Mała, then it runs through dam lakes - long and relatively narrow - Lake Konradowo and Lake Krzynia. As you can already expect the culmination of trip across lakes are hydroelectric power stations (Krzynia and Konradowo), and thus the need to carry the kayaks. However, as a result you can explore the historic hydroelectric power station. The route itself is one of the easiest ones and ideal for the "first time in a kayak." Only the last section from Krzynia to Leśny Dwór (Forest Manor) will provide you with more adrenaline due to the faster current and branches in the riverbed. But the ones less skilled at canoeing can always finish the route as early as in Krzynia just a few kilometers before Leśny Dwór. On this section you can catch your breath and you will surely come back full of memories after completing this kayak trip ready for another adventure. This weekend can become a prelude to both exploring Słupia and starting your adventure with a canoe.
